

LANDMARK STAFFING

Position: Truss Assembler
Location: Grand Junction, CO
Type: Full Time
Wage: \$15/ hour

Job Responsibilities:

The primary responsibility of a truss assembler is to gather precut wood parts to build trusses or wall sections. As a truss assembler you also verify the size of each precut part and then move the specific wood pieces into position by hand or machine. Truss assemblers place metal reinforcements over connections using various tools, such as hammer, screwdriver, or staple gun. Additional duties are to assist in pushing pulling or moving trusses.

Job Requirements:

- **Maintain a clean work area on a regular basis**
- **Maintain open communication with the assembly team**
- **Abide by safety policies and procedures**
- **Must have steel toed work boots**
- **Requires Background Check and Drug Testing**

Knowledge, Skills, and Abilities:

- **Ability to use basic hand tools and power tools**
- **Ability to lift 85lbs by yourself**
- **Basic Math and measuring skills**
