

LANDMARK STAFFING

Position: Production Supervisor

Location: Grand Junction, CO

Type: Full Time with Overtime

Shift: 11:00 a.m. - 8:00 p.m. Monday - Friday w/ some Saturdays

Wage: \$20.00/ hour DOE

ABOUT THE COMPANY:

At Triple-S Steel we live and work by our core values, since our inception over 50 years ago, we have followed three basic principles that are the foundation of our success:

Stability: All decisions made are measured in years, not quarters.

Flexibility: Employees are encouraged to seek creative steel solutions and services that help the company thrive.

Chemistry: We foster and nurture an entrepreneurial spirit throughout the Triple-S family. That spirit permeates our DNA.

From a small family retail operation in Ouston, our business has expanded across the US and South America sells over 1 Million tons per year. We supply steel for bridges, stadiums, barges and large buildings but one thing will always remain the same; We treat our customers and employees like family.

ABOUT THE POSITION:

We are seeking a motivated Production Supervisor to join our business. The Production Supervisor oversees the safe receipt, storage, retrieval and timely delivery of materials, product and services to the Triple-S Steel customers on their territory. This role ensures Workplace Health and Safety requirements are met and maintained according to Federal, State, and Local Laws along with all company issued training.

The Production Supervisor is accountable and responsible for the security of the assets in office and warehouse, and is responsible for local Quality Assurance activities, logistics, procurement of Operating Supplies, and training of employees.

WHAT WE OFFER:

Our company offers great benefits, from tuition reimbursement to training and development opportunities. We also offer medical, dental, vision, FSA, HSA, commuter, long-term disability and group life insurance programs. Come join our team!

POSITION OUTLINE:

- Maintains Receiving, Shipping, Inventory Control and Production Work Cells by installing, coordinating, and enforcing departmental programs and Operational Work Instructions and procedures.
- Controls Scrap, Inventory Levels and accuracy by overseeing physical 'cycle counts' and reconciling with perpetual Inventory records.
- Recruits, orients, plans, and trains staff as well as monitors employee performance.
- Achieves Branch Financial Objectives by minimizing costs, O/T, scheduling expenditures, analyzing variances, installing 'financial checks and balances'.
- Develops Vendor Evaluation criteria and regularly reviews Vendors for adherence.

LANDMARK STAFFING

- Maintains warehouse & logistics operations, equipment, capacities and capabilities by Production Planning and Measurement, routine inspection and repair of inhouse machinery and equipment, and the regular review of warehouse layout and throughout.
- Interacts with various customers, vendors, and service providers in the best interest of the company.

REQUIREMENTS:

- Must have a high school diploma or equivalent
- At least one year of Supervisory experience required
- Prior manufacturing or warehouse experience
- Excellent Verbal and communication skills
- Must be able to operate an overhead shop crane
- Solid computer skills are required in MS Office applications
- Strong organizational skills
- Background Check and drug testing is required for this position
