

LANDMARK STAFFING

Position: Burn Table Operator

Location: Grand Junction, CO

Type: Full Time - Overtime to be Expected

Wage: \$17.00-\$20.00/ hour

Job Overview: We are seeking a skilled and detail-oriented Burn Table Operator to join our manufacturing team. As a Burn Table Operator, you will be responsible for operating and maintaining burn table equipment to cut and shape metal according to precise specifications. The ideal candidate should have a strong understanding of metal fabrication, excellent attention to detail, and the ability to work with various metals.

Responsibilities:

- **Operate Burn Table Equipment:**
 - Set up and operate burn table machinery to cut metal sheets and plates according to provided blueprints and specifications.
 - Ensure the accuracy and precision of cuts, adhering to quality standards.
- **Material Preparation:**
 - Review work orders and drawings to determine the type and dimensions of materials required.
 - Select appropriate metal sheets or plates for cutting and ensure proper alignment.
- **Machine Calibration and Maintenance:**
 - Conduct routine maintenance on burn table equipment, including cleaning, lubrication, and blade replacement.
 - Calibrate machinery to maintain optimal cutting performance.
- **Quality Control:**
 - Inspect finished pieces for accuracy, quality, and adherence to specifications.
 - Make necessary adjustments to the equipment to correct any deviations from the required measurements.
- **Safety Compliance:**
 - Adhere to all safety guidelines and protocols while operating the burn table equipment.
 - Conduct regular safety checks on machinery and report any issues promptly.
- **Collaboration:**
 - Work closely with other team members, including supervisors, welders, and fabricators, to ensure efficient workflow.
 - Communicate effectively with colleagues to address any issues related to the production process.

Qualifications:

- High School Diploma or equivalent required for this position.
- Additional training or vocational training in metal fabrication/welding or similar is strongly preferred.
- At least 1 year of proven work experience required

LANDMARK STAFFING

- Background Check and Drug Testing
- Strong understanding of metalworking processes and the ability to interpret technical drawings.
- Ability to lift and move heavy materials as needed
- Excellent problem solving skills and mechanical aptitude.

Physical Requirements:

- Must be able to stand for 8 hours/day; walk with frequent bending, stooping, and/or kneeling for welding and quality examination.
- Occasionally lifting up to 75 lbs. max.
- Work with telephone, calculator, photocopier, welder MIG/Stick, oxy-acetylene torch, plasma torch, hoist equipment, forklift, variety or hand tools, Fabrication equipment; plate roll, punch press, iron worker, drill press, CNC burn table, and band saws.
- Works on smooth level concrete surfaces.
- Requires finger dexterity, close work, good vision, good physical condition and clear speaking ability.

Knowledge, Abilities, and Skills:

- Knowledge of the general manufacturing process of fabrication and welding.
- Knowledge of a variety of hand tools and fabrication equipment.
- Knowledge of Math up to trigonometry.
- Knowledge of different types of metals and their properties.
- Attention to detail and precision in work.
