

## LANDMARK STAFFING

**Position: Journeyman Electrician**

**Location: Grand Junction, CO**

**Type: Full Time**

**Wage: \$45.00/ hour**

### **Job Summary:**

We are seeking a skilled, experienced, and licensed Journeyman Electrician to join our team. The ideal candidate will be responsible for installing, maintaining, and repairing electrical systems in a variety of settings, including residential, commercial, and industrial environments. The Journeyman Electrician will work independently and as part of a team to ensure the safety and functionality of all electrical systems.

### **Key Responsibilities:**

- **Installation and Maintenance:**
  - Install, repair, and maintain electrical systems, including wiring, circuit breakers, transformers, and lighting fixtures.
  - Read and interpret blueprints, schematics, and technical diagrams.
  - Inspect electrical systems, equipment, and components to identify hazards, defects, and the need for adjustment or repair.
- **Troubleshooting:**
  - Diagnose malfunctioning systems, apparatus, and components using test equipment and hand tools to locate the cause of a breakdown and correct the problem.
  - Troubleshoot and repair issues with electrical systems in a timely manner.
- **Safety and Compliance:**
  - Ensure all installations and repairs comply with electrical codes and standards.
  - Adhere to safety protocols and regulations to maintain a safe working environment.
  - Stay updated on local, state, and national electrical codes and regulations.
- **Collaboration:**
  - Work collaboratively with other electricians, contractors, and construction workers to complete projects.
  - Provide guidance and mentorship to apprentices and less experienced team members.
- **Documentation:**
  - Maintain accurate records of all work performed, including time and materials used.
  - Complete work orders and other required documentation promptly and accurately.

### **Qualifications:**

## LANDMARK STAFFING

- High school diploma or equivalent.
- Completion of a recognized apprenticeship program or equivalent experience.
- Valid Journeyman Electrician license.
- Minimum of 2-3 years of experience as a Journeyman Electrician.
- Strong understanding of electrical theory, code requirements, and safety practices.
- Proficiency with electrical testing equipment and hand tools.
- Ability to read and interpret blueprints and technical diagrams.
- Excellent troubleshooting and problem-solving skills.
- Strong communication and interpersonal skills.
- Ability to work independently and as part of a team.
- Physical ability to perform the duties of the job, including lifting heavy objects and working in confined spaces.
- Able to travel out of town from time to time.

### **Preferred Qualifications:**

- Experience in a variety of settings, including residential, commercial, and industrial.
- Certification in specialized areas such as fiber optics, data cabling, or solar installations.

### **Benefits:**

- Competitive salary
- Health, dental, and vision insurance
- Retirement plan
- Paid time off
- Ongoing training and professional development opportunities
